To all Parties:

Staff would like to announce an initial schedule for UM 2000. These dates are adjusted from the Staff's initial memo presented at the February 14 Public Meeting. Staff is planning two workshops between now and mid-May. The first workshop will be on Friday, April 5th from 9 am to noon in Portland at the offices of Energy Trust, 421 SW Oak St #300, Portland, OR 97204.

To facilitate the discussion at the first workshop, Staff will be posting questions next week on March 15 for stakeholders to consider. Responses to these questions should be sent to the UM 2000 docket by no later than March 29. The questions and responses will be discussed at the initial workshop and will serve as the basis for a white paper proposing the scope of the UM 2000 PURPA implementation investigation.

Following that, in early May, there will also be a Commissioner workshop to discuss progress on the UM 2000 investigation. Details and a meeting agenda will be sent in early April. In summary, the relevant dates to note are:

- March 15: Staff to post questions for Stakeholders.
- March 29: Stakeholders to provide responses.
- April 5: Workshop to discuss responses, and scope of investigation.
- May 7 (tentative): Commission Workshop in Salem.

Thank you for your interest and participation. We look forward to your responses to the questions for the first workshop and seeing you on April 5th.

Best,
