RE: UM 2060 PGE's Supplemental Update to Schedule 201 – As-Available Rate

Portland General Electric Company (PGE) originally submitted updated terms for its Schedule 201 Qualifying Facility 10 MW or Less Avoided Cost Power Purchase Information (Schedule 201), and for its Schedule 202 Qualifying Facilities Greater than 10MW Avoided Cost Power Purchase Information (Schedule 202) with a requested effective date of April 8, 2020. At the April 7, 2020 public meeting, Staff recommended suspending for further investigation until May 29, 2020. Staff now asks for additional time to review the filing and asked PGE to extend the effective date to June 3, 2020.

In addition, Schedule 201 is pending approval in Docket No. UM 1728 with a requested effective date of May 20, 2020. Pending the outcome of Docket No. UM 1728 PGE will then refile updated Schedule 201 and Schedule 202 to reflect the new effective date of June 3, 2020.
