WORKSHOP AGENDA AND ZOOM LINK

As per the discussion at the April 1, 2022, workshop in this proceeding, a workshop will be held on April 8, 2022 at 1:30 PM via ZOOM to discuss additional items related to the “Group 1” proposed rules. Having received input from some participants, we issue the follow agenda and note that time will be reserved for additional items. AHD would appreciate that additional items be sent in advance to the extent feasible.

- I. “Common Developer” Exception** – what are the arguments for and against applying it when the developer has not yet sold a commonly-owned project; how could we ensure the exception does not swallow the rule?
- II. Project Timelines and Commercial Operation Dates**
- III. Creditworthiness** – what criteria should a utility use in determining whether a particular owner or QF is creditworthy?
- IV. Other Items**
